

PAWSitive InterAction invites you to
THINK PAWSitive! 2003 PETS and The AGING
Brought to you at Emory University by Emory Center for Health in Aging

Join us for our second annual summit on the scientific basis of the human-animal bond. In this seminar, healthcare experts will discuss the positive impact of pets as people grow older. Therapeutic effects and benefits will be validated with scientific research and case studies.

Dr. Edward Creagan

Professor, Mayo Clinic Medical School
American Cancer Society Professor of Clinical Oncology
The John and Roma Rouse Professor of Humanism in Medicine

Dr. Rebecca Johnson

Professor, Gerontological Nursing & Public Policy
Director of the Center on Aging
Sinclair School of Nursing, University of Missouri - Columbia

Panel discussion facilitated by Dr. Sandra Barker,
Professor of Psychiatry and Director, Center for Human-Animal
Interaction, Virginia Commonwealth University
